

32BJ United

2007 Commercial Contract Campaign

NYC UPDATE #4

DECEMBER 18, 2007

32BJ MEMBERS AUTHORIZE STRIKE IF NEGOTIATIONS FAIL

In NYC, Connecticut, New Jersey, and Maryland, 32BJ members voted overwhelmingly to authorize their bargaining committees to call a strike if we are unable to get a fair contract in negotiations.

In NYC, over 7500 members took to the street in a spirited march and rally that showed the building owners and contractors that we are united and determined to win a wage increase that improves our standard of living.

In NJ, 1,000 members braved a winter storm to rally in Newark Bears Stadium to show their determination to do what it takes to win a good contract.

Our contract expires on December 31st. Throughout the next two weeks, we must continue to make our voices heard loud and clear: We will fight until we win our fair share.
