

COVID-19 TESTING INFORMATION FOR 32BJ MEMBERS IN NEW JERSEY WITH 32BJ HEALTH BENEFITS

Testing for COVID-19 is widely available in New Jersey

Requirements vary by testing location but most locations will require you to make an appointment for a test

If you have health benefits through your 32BJ contract, here are the steps you should take to get a test:

1. Find a testing site near you

- Lists of testing site locations for Essex, Hudson, Bergen and Union Counties are available on 32BJ's website and from your union rep.
- These lists include:
 - Over 80 testing locations (addresses, phone numbers, opening hours and details for appointments)
 - 5-Star Centers* across New Jersey (these are Doctor's offices that partner with 32BJ's Health Fund to offer \$0 co-pays for covered office visits)
- Testing locations in all counties can be found on these websites:
 - <https://my.castlighthealth.com/corona-virus-testing-sites/>
 - <https://go.allclear.app/map>

2. Call Member Services on 800-551-3225 to confirm if the testing site is "in-network. There is no copay for in-network Covid tests, or the in-network office/urgent care/ER visit in which a Covid test is done.

3. Call the testing location

Confirm:

- a. What information is needed from you to make an appointment?
- b. Can you access the testing site on foot, or is it drive through only?

Based on the answers, if you are able to get a test: make an appointment

*If you are booking a test at a 5-Star location and need help with translation, 5-Star reps can help make an appointment - call 866-230-3225

4. Get the test!

Arrive at the testing site on time with the necessary documentation **and remember to wear a mask!**
